AND OKANAGAN ORCHARDIST

VOLUME 22.

Kelowna, British Columbia, Thursday, May 20th, 1926

NUMBER 40

A PEEP AT THE MINING INDUSTRY

Members Of The Board Of Trade Listen To Interesting Address By Mr. P. B. Freeland

About fifty people attended the quarterly meeting and dinner of the Board of Trade, held in the Lakeview Hotel on Tuesday evening, when an excellent and sociable time was enjoyed. Speech-making during the dinner was dispensed with, but at its conclusion President Trench announced that the business session would convene forthwith in the Board of Trade Hall, to which all adjourned.

Attempt To Revive Associated Boards Of Trade Fails

In connection with business arising out of the minutes of the preceding monthly meeting, the Secretary, Mr. E. W. Barton, reported that the meeting called for the purpose of re-establishing the Associated Boards of Trade of the Okanagan had resulted in no action being taken, the only delegates from points outside of Kelowna being three representatives from Vernon, while Peachland and Summerland definitely declined to join in the movement. After discussion a resolution was passed at the meeting inviting the Valley Boards to agree upon representation by a single delegate at the next convention of the Associated Boards of Trade of British Columbia. The resolution had been forwarded to the Boards concerned, but no replies had been received so far.

A Dangerous Railway Crossing

The President reported that the Executive had taken up the matter of the dangerous level crossing on the C.N.R. near Carney's but the railway authorities stated that they were unable to do anything further to improve conditions there, as they had cleared away any timber on their right-of-way and any further clearing on adjacent land would have to be done by the owners or the Government. It had been decided by the Executive to put up warning signs on either side of the crossing about three hundred feet away from the railway line, in lieu of any other measures to provide for the safety of the public.

C.P.R. To Entertain Business Men

An invitation was extended to the Board, as representing the shippers and business men generally of the city, by the Canadian Pacific Railway Co., to become the guests of the Company at dinner on board the s.s. "Siamon" on the evening of Wednesday, May 26th, with a sail on the lake, returning to Kelowna the same evening. The function is to take place following the usual annual conference of C.P.R. general officials and local agents, and the Board will send out invitations on behalf of the Company.

Lieut.-Governor To Visit Kelowna

It was announced that Kelowna would probably be honoured with a visit from Lieut.-Governor R. Randolph Bruce on June 11th, and arrangements will be made for his entertainment here.

New Members

Applications from membership from Messrs. W. G. Scott, G. Nichols and W. C. Mitchell were accepted, and these gentlemen were duly elected members of the Board.

Railway Crossing At Rutland

Mr. F. W. Groves drew attention to the fact that the railway crossing at Rutland Station was dangerous on account of the steep grade of the road, as the result of which he had seen a car stalled almost directly on the track.

Mining Industry

Humorously disclaiming any knowledge of mining other than that gained through the possession of a few "glitzy" share certificates of dubious value, President Trench said he hoped to be enlightened by the address which would be delivered by Mr. P. B. Freeland, Government Minister, Engineer, No. 4 District, and he then introduced the speaker to the meeting.

Mr. Freeland, who was greeted with applause, began by saying that an ancient philosopher had described a mine as "a hole in the ground the owner of which is a liar." (Laughter.) But prospectors were now doing their best to live down this bad reputation and in question had been improved, but in doing the work the approach to the packing house had been ruined, and this would have to be attended to.

Mineral Industry

VISIT OF BAND OF COLDSTREAM GUARDS

Evening Concert Will Be Given In Empress Theatre

Practically all the details have been arranged for the forthcoming visit to Kelowna of the world-famous Band of the Coldstream Guards, the date of its being uncertain whether this will be the first or second day of the Regatta, which will be held this year on August 11th and 12th. Naturally, the directors of the Kelowna Aquatic Association, in assuming the heavy responsibility of contracting for engagement of the Band, are desirous that its arrival be timed for Thursday, when the attendance is always at maximum, but it may not be possible to adhere to this, should circumstances prevent. In any case, the public of Kelowna will be sure to have a chance to hear this splendid aggregation of instrumentalists, as it has been arranged for the Band to give an evening concert in the Empress Theatre, and whether Wednesday or Thursday evening, the theatre is sure to be filled to capacity with those desirous of hearing band music at its best.

The cost of bringing the Band here runs into a very large sum, but the people of Kelowna never fail to support any movement that makes for the general good and enjoyment of the community and for wholesome publicity for the city, so that there is no fear that the Aquatic Association will suffer financial disaster through their creditable enterprise in securing such a delightful attraction for Regatta time.

DEVELOPMENT CONTINUES ON "THE BUTTES"

Acres Under Cultivation At Foot Of Black Mountain Doubles This Year

Last year, attention was called in this paper to the remarkable development which had taken place in the district known as "The Buttes." The area was viewed recently from an elevation commanding practically the whole of the land under cultivation, and to one acquainted with the district even as recently as two years ago the change seemed miraculous.

The acreage under cultivation has been doubled this year and, with the recent rainfall and the abundant water supply available, it looks as though the crops should also more than double the production of last year. This would mean ten thousand tons of produce being shipped out of a district where a few years ago a small number of range cattle and horses had to cover a very large country to gain a bare subsistence. It is the objective of many farmers to make two blades of grass grow where one grew before, and Mr. Joseph Casorso, the promoter of development on The Buttes, is entitled to feel great satisfaction in that, by his foresight and confidence, he has made thousands of tons of produce grow where sparse grass grew for a month or two until the summer heat turned it brown.

The interests of the new land owners have been looked after carefully and they are well satisfied. The Soldier Settlement Board are to be congratulated in that they have located eight men in this district, and that they are the right type of settler on the right kind of land is evidenced by the fact that all are prospering and content.

The success that has attended the development of this area demonstrates the advantages of land purchasable at a moderate price and that can be ploughed and put under crop immediately with little more work than is called for on the ordinary farm. The fact of the absolute freedom from weeds of the new land is in itself a mean consideration in making choice of a location.

One of the most promising activities among those who settled on The Buttes last year was the plant planting of onions. The altitude at which this land grows it a tremendous advantage in growing this most profitable crop. At the present time, the onions sown last fall give evidence of being ready for market to catch the highest price, and it is not an extravagant expectation that the lucky growers will clear from \$700 to \$800 an acre.

Fests are practically non-existent this year, few cut-worms or grasshoppers being in evidence.

The district boasts a well run fox farm, the success of which will be well worth watching and will serve as a guide to others as to the advisability of engaging in this branch of farming.

The Government has found it necessary to widen and gravel all the roads to take care of the increased traffic, while the completion of the C.N.R. and the building of a siding, canner and packing houses at Rutland has brought the district in close touch with rail transportation together with the best of shipping facilities.

PROVISION OF WHARFAGE FACILITIES

Dominion Government Willing To Repair Municipal Wharf If City Transfers Its Rights

There was a full attendance of the members of the City Council at the regular fortnightly meeting on Monday night.

An application having been received from the Kelowna Aquatic Association, Ltd., for a lease of a strip fifteen feet wide along the east side of the site now held under lease from the City in the Park, so as to allow space for additions to the buildings of the Association, a resolution was passed granting permission to the Association to occupy the land in question until Jan. 16, 1930, and to erect thereon a shelter for two boats, all the terms and conditions contained in the lease now held by the Association from the City, and dated April 28, 1916, to apply to the additional area.

A letter from the Lieut.-Governor to the Mayor drew attention to the movement for the fostering of the purchase of goods made within the Empire, and asked co-operation in making a success of "British Empire Shopping Week," from May 24 to May 29.

On the suggestion of His Worship, it was decided to bring the matter before the Board of Trade and the Retail Merchants' Association.

A communication was received from the Adjutant of the 1st B.C.M.R. (2nd C.M.R.) asking for the privilege of piping water for use at the training camp to be held in June on Dr. Boyce's property at the south end of Pendozi Street, connection to be made with the existing pipe at the store on the corner of the property.

The request was granted.

The sale of a Canada Foundry tandem duplex pump, forming part of the steam plant of the Kelowna Intermediate Base Ball Club, for use of the Recreation Ground for baseball, was granted.

Mr. E. W. Barton, Secretary of the Board of Trade, waited on the Council to request the loan of a plan of the city in connection with the forthcoming visit of an assistant of Mr. Doncaster, Dominion Government Engineer, to go into details regarding provision of public wharfage accommodation here.

It was agreed to lend a map, and the City Clerk explained that Mr. Doncaster, on the occasion of a recent visit to Kelowna, had examined the City wharf and had stated that he would recommend that it be put in a state of repair by the Government, provided the City surrendered its rights to it and gave proper consideration to the matter.

The Mayor favoured giving a lease of the wharf to the Government, and pressed opposition to any surrender of rights, especially of access to the water, main intake, which is laid under the wharf, and of any foreshore rights. He asked City Engineer Blakeborough how much the present wharf would have to be lowered to be of service to small craft.

Mr. Blakeborough replied that the wharf had to be lowered from two and one-half to three feet, which would leave about a foot headroom over the pipe—not enough space in which to work in the event of repairs being necessary.

It was decided to go into all details with the engineer on his arrival here.

Two By-Laws for the disposal of tax sale property were given reconsideration and final passage, being No. 434, for the sale of Lot 8, R.P. 578, to Mrs. Delphine Arneanu, for the sum of \$350, and No. 435, selling Lots 24, 25, 26, 27, 28, 29, 30, 31, 32, R.P. 1304, to Mr. F. T. Powick, for \$225. Three applications having been received for other city lots, the following By-Laws were introduced and given three readings: No. 436, granting an option to Mr. Amos Schickler on Lot 7, R.P. 1102, at a price of \$50; No. 437, for the sale of Lot 10, Block 20, R.P. 830, to John McIver, at \$200, and No. 438, selling Lot 10, R.P. 885, to Mr. W. H. Marshall, at \$125.

Ald. Rattenbury, chairman of the Finance Committee, expressed pleasure at the continued demand for city-owned lots and their consequent restoration to tax productivity.

After discussion of some matters of minor importance, adjournment was taken until Monday, May 31st.

GRAIN BILL EXPECTED TO CAUSE LIVELY FIGHT

OTTAWA, May 20.—A lively fight is promised both in the Commons Committee on Agriculture and Colonization and later in the House on a bill introduced by Milton N. Campbell, one of the Progressives, to amend the Canada Grain Act. Yesterday afternoon, the Prime Minister called for the second reading of the bill so that it could be referred to the committee. The object of the proposed legislation is to give the producer the right to determine the destination of his own grain.

There was a full attendance of the members of the City Council at the regular fortnightly meeting on Monday night.

An application having been received from the Kelowna Aquatic Association, Ltd., for a lease of a strip fifteen feet wide along the east side of the site now held under lease from the City in the Park, so as to allow space for additions to the buildings of the Association, a resolution was passed granting permission to the Association to occupy the land in question until Jan. 16, 1930, and to erect thereon a shelter for two boats, all the terms and conditions contained in the lease now held by the Association from the City, and dated April 28, 1916, to apply to the additional area.

The Mayor favoured giving a lease of the wharf to the Government, and pressed opposition to any surrender of rights, especially of access to the water, main intake, which is laid under the wharf, and of any foreshore rights. He asked City Engineer Blakeborough how much the present wharf would have to be lowered to be of service to small craft.

Mr. Blakeborough replied that the wharf had to be lowered from two and one-half to three feet, which would leave about a foot headroom over the pipe—not enough space in which to work in the event of repairs being necessary.

C.N.R. BOAT TO BE NAMED "PENTOWNA"

New Craft Will Be Ready For Service About The Third Week Of June

With a crew of experienced shipbuilders at work, most of whom had just returned from Lumbly, where ship construction is the principal industry, the hull of the new C.N.R. motor ship, which came here by rail from Prince Rupert in sections, is rapidly being assembled, and it is expected that, if no unforeseen impediment intervenes, the craft will be ready to take the water about June 21st. The launching will be performed with the accustomed christening ceremonies, and it is likely that a large party of general officials will come here to take part in the function.

Several of the officers of the C.N.R. visited Kelowna on Friday to witness the commencement of work in earnest on the hull and to examine the new dock, and while here the all-important matter was decided of the name to be bestowed upon the new ship. The officials who investigated the matter had found, to his disgust, that practically all the suitable local names out of a list of some twenty-seven he had compiled were already enrolled in the books of the marine registry, including the "Kelowna" and "Orchard City."

After thoroughly discussing the matter, it was understood that Vice-President Hungerford was responsible for the suggestion, which met with approval, of a compound title, combining the names of Kelowna and Penticon, the terminus of the boat's daily run, into "Pentowna," and this cognomen will therefore be bestowed upon the new ship when she glides into the water.

The "Pentowna" will be thoroughly modern in design every way, with steel hull and twin Diesel engines. The absence of boilers and their accompanying heat is expected to prove of great benefit in the handling of perishable fruit, and the details of speed, accommodation for passengers, buffet service and other essentials have been worked out with great care by the best talent in the marine branch of the Company so as to bring the standard of service up to the best provided anywhere in Canada.

The improved transportation facilities which will be furnished between Kelowna and Vancouver, which should aid largely towards development of the country, which has not been so rapid as the extent of its natural resources and its splendid climate would warrant, while shippers will gain advantage through the close connections to be furnished, providing rapid and direct transit to the Coast and prairie points. The public will undoubtedly be quick to make avail of the service offered, and the "Pentowna" should be assured of a liberal share of patronage.

THE GERMAN PROPOSAL SMACKS OF HYPOCRISY

GENEVA, May 20.—Concrete proposals to forbid the use of airplanes and poison in warfare and for the oppression of heavy artillery and tanks were put forward by Germany today at the session of the Disarmament Commission. The proposals were presented by Count Von Bernstorff, former ambassador to the United States.

Fire and gas bombs could slay or paralyze the entire population of London, declared the Belgian delegate, asserted yesterday in a declaration before a meeting of the Disarmament Commission in which he portrayed the horrors of chemical warfare from the air.

M. Debrucquer who is a Senator and a Socialist, was an impressive sight as he pleaded with the world powers to follow the example set by Belgium, which has been working out immediately with reduction of armaments without waiting for formal treaties which might be difficult, if not impossible, to elaborate.

MINERS REJECT GOVERNMENT PROPOSALS

LONDON, May 20.—The national conference of miners' delegates today rejected the Government's proposals for settlement of the strike in the coal mining industry. The delegates adopted a resolution stating:

"We are unable to recommend that the miners accept Premier Baldwin's proposals for reduction of wages which do not at present provide for a decent standard of living."

MINERS CAN NOW GET MONEY FROM RUSSIA

LONDON, May 20.—Sir William Joynton-Hicks, Home Secretary, disclosed to the House of Commons today that during the general strike he had stopped a cheque for £100,000 which he said was sent by the Russian trades unions to the Trades Union Congress here for furtherance of the strike. He admitted that he was powerless to bar further sums of money now being sent from Russia to the British Miners' Federation, explaining that while the Government was endowed with emergency powers he could prevent the admission of foreign money for support of the general strike.

MOUNTED TRAINING CAMP AT KELOWNA

1st B. C. M. R. To Be Under Canvas For Ten Days

The headquarters of B Squadron, 1st B. C. Mounted Rifles (2nd C.M.R.) has been transferred from Lumbly to Kelowna, the Lumbly members of the squadron being incorporated with the Vernon squadron, and Major E. B. K. Loyd, M.C., has assumed command of the new Kelowna unit. Previously, Kelowna was represented in the 1st B. C. M. R. by merely a troop, which formed part of the Penticon squadron, but conditions have now been restored to those antecedent to the war, when the old 30th B. C. Horse boasted of a complete squadron establishment here.

Coincident with re-establishment of a Kelowna squadron, the hearts of local cavalrymen are gladdened by the return to Kelowna of the annual training camp, after an absence of several years, and arrangements are now in progress for the opening of the camp on June 1st for a training period of ten days. The site will be a little nearer to town than that formerly occupied, Dr. Boyce's 25 acres, at the south end of Pendozi Street, having been secured.

In time of peace all militia establishments are maintained only in skeleton formation, hence the strength of a peace-time squadron runs between only sixty and seventy of all ranks. As it is practically impossible to carry out any quantity of regimental training at skeleton strength, one composite squadron of about 150 officers and men and 100 horses will be formed from the three squadrons of the regiment, and the training will be carried out principally along squadron lines.

It is hoped that the Kelowna squadron will go into camp at full strength. Several vacancies are still available for suitable recruits, who should make application to Major Lloyd or Lieut. Tempest. Details as to pay and horse allowance will be found in an advertisement in this issue.

Special arrangements will be made for sports and for evening entertainments, and plenty of play will be mixed with the work of military training, so that all young men who are willing to render some service to their country by gaining experience that will fit them to come to the aid in cases of national emergency can combine the fulfilment of their patriotic desire with the enjoyment of a wholesome and pleasant holiday.

A gymkhana, with mounted jumping, tent-pegging and other attractive features, will be held on a date not yet

CHEVROLET

so Smooth
so Powerful

A DEMONSTRATION of Chevrolet will delight and surprise you. It will bring you a new idea of four-cylinder power and smoothness. It will make the new LOWER Chevrolet prices appear all the more remarkable.

Drive the new Chevrolet and you will understand the reason why thousands of satisfied Chevrolet owners wrote unqualified expressions of appreciation during the year 1925. You will understand, too why Chevrolet popularity is growing in an amazing manner—unprecedented in motor car history.

Ask us for a demonstration of Chevrolet's smoothness and power

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First Self Last!

Edited by "Pioneer."

May 18th, 1926.

Orders for week ending May 27th, 1926.

Duties: Orderly Patrol for week, Beavers; next for duty, Wolves.

Rallies: The Troop will rally at the Scout Hall on Friday, the 21st, and Tuesday, the 25th instant, at 7:15 p.m.

There will also be a full dress rehearsal for our show on either the evening of Thursday, the 27th, or the afternoon of Friday, the 28th instant. The date decided upon will be announced at the rally on the 25th instant, and we wish to thank the Girl Guides very much for their kindness in allowing us to hold our rally on their evening, which they have given over to us for the purpose.

Two members of the Old Scouts Club in the person of Messrs. Henry Tutt and Wallace Meikle are instructing the Troop in a song and Mr. William Murray is working hard with the orchestra.

The Committee of the Local Association is to meet at the Scoutmaster's office on Tuesday, the 25th instant, at 5 p.m., for the purpose of making arrangements with regard to music and entertainment for two visiting commissioners, Sir Alfred Pickford and Mr. John A. Stiles. The present arrangements are that they will be leaving Penticton by the Saturday 1.30 stage, but it is possible that this plan will be slightly changed again. They will be here at any rate for the whole of our Saturday evening Entertainment and also for dinner before. Sir Alfred's own wishes are that he may have sufficient time in Kelowna to meet some old friends of his now resident here, whose acquaintance he is most anxious to renew. We do not know who these old friends are and we trust therefore that they may read this Column and be good enough to get into touch with the Scoutmaster at once, as we wish to make our own arrangements along with them so that they will be given the opportunity of meeting Sir Alfred as he wishes.

The Ladies Auxiliary are going to provide refreshments of coffee, cake and sandwiches after the Entertainment on Saturday evening for the Scouts and Cubs, more particularly the visitors, as, if some of them come from the far off points, they will certainly need some refreshments before returning on their homeward journey.

As mentioned before, the badges are to be presented at the Friday evening performance and we believe that our old friend and former Commissioner, the Rev. and Hon. T. R. Henegave will be here to make the presentation that evening.

For the ten foot wall climbing competition two teams of ten each have been chosen from Sections "A" and "B" and this will provide a very interesting and amusing new item for the Entertainment.

P.L. K. Shepherd passed the test for his Horseman's Badge on the 27th of April last, before Mr. J. W. Barlee, to whom our thanks, and Scout G. Lewis passed the test for his 2nd Class Semaphore Signalling on the 14th instant, completing all the work for his 2nd Class Badge. Scout H. Pettman passed his 2nd Class Fire Lighting and Cooking test and Scout M. Taylor his Fire Lighting, on the 15th instant, and Scout R. Whiting passed his 2nd Class Ambulance and Scout H. Pettman his 2nd Class Signalling, on the 17th instant.

The Provincial Commissioner accompanied Sir Alfred Pickford and Mr. Stiles from Ottawa as far as Regina and heard Sir Alfred give two or three addresses recently. He says that, punctuated with much wit and humour, the addresses were the finest exposition of Scouting that he has ever heard, so we do trust that there will be a big turn out of all citizens interested in the Movement on Saturday evening, the 29th instant.

In connection with the visit of Sir Alfred to Canada the following is a message from the Chief Scout to the Scouts of Canada:—

"Dolton, Devon, March 25, 1926.

"My Dear Brother Scouts of Canada: I have not forgotten—how can I ever forget the good time you gave me when I was last in Canada!

"Although I shall be on your side of the Atlantic when you get this, I'm afraid it will be impossible for me to get to Canada, but Pickie, as he is known to the outside world as Sir Alfred Pickford, but in the Scout brotherhood we only know him as 'Pickie'—Pickie is going to you in my behalf, and if you treat him only half as well as you treated me, he will have a good time.

"He is not a bad sort (N.B. I have to say that of him because he is a good deal bigger than me), but you will doubtless find out for yourselves what to think of him.

"Anyway, he manages our Overseas Branch at Imperial Headquarters, and has himself visited the Scouts in India, Australia, New Zealand and South Africa. Also he has had the management of our Training Department at Gilwell Park. So he is better qualified than anyone else in the Movement to tell you how things are going on in our brotherhood in the different parts of the Empire: he can tell you how everywhere there is more and more of the true Scout spirit—the spirit of goodwill and helpfulness, and less of the formal parade show which so many used to think was the object of Scouting.

"He can tell you of the big development which has lately gone on in the Rover branch and what a fine body of young men it now comprises; how they now render service to the community in many different lines; and how they are forming a valuable nucleus for the supply of Scoutmasters in the near future.

"Also he can tell you, Scoutmasters and Commissioners, at first hand, how keenly the Scouters over here have taken to going to school in their old

EAST KELOWNA

During the past week the cool weather and showers have helped out the orchards. Some growers have not used any irrigation water up to the present. There is certainly on the whole a very fine crop, but here and there there are complaints of poor setting, showing that all the trees have not recovered from the freeze of Xmas, 1924. The central rebate of 3 and 1-2 cents a box has now been received from the Co-operative. Most of the growers who still belong to the Co-operative are fairly well satisfied with their returns, which show a substantial increase over prices for 1924, especially for medium sized fruit.

Major Clarke visited the Benches during the week. We do not of course know what attitude he will take in his report to the Government on the irrigation situation, but he is certainly sparing no trouble to get first-hand information from the growers individually.

On Friday last the Rev. C. E. Davis brought up his choir boys and they gave us a service of song in the Schoolhouse. The attendance was fair but should have been better. The first item was "Angels Ever Bright and Fair," sung by the choir. Then followed "Sweet and Low" by R. and A. Thomas. David Campbell next sang "Drink to Me Only With Thine Eyes." Then Mr. Davis read a very pretty tale, "The Prodigal Son," illustrated by solos and choruses by the choir. A collection was taken and the proceeds were divided 50-50 between the choir for new music books and the East Kelowna Cubs.

On Saturday, a large contingent of School Trustees, Mr. Smith, the principal, parents and children travelled to Vernon to take in the Inter-School sports. We had some entries but they were not expected to win as we have no outstanding runners just at present among our children. Brenda Carruthers and Ronald Evans did best, being placed in their heats.

We regret to hear Mrs. Percival has had to undergo an operation for goitre but we hear she is getting on well.

Mr. G. E. Perret was up here for a day or two.

Messrs. A. E. Miller and D. Evans are trying to revive the ancient sport of horse shoe pitching. They played some games at Vernon and made a good showing against the experts there. However, when these crack players met a ringer every second shot and are never further from the peg than the width of a horse shoe, the ordinary player is quite out of it.

On Tuesday, the S.E.K.I.D. reservoir was just over 17 feet, equal to 2,181 acre feet. The snow on Little White Mountain is melting fast now and kept the C. C. I. natural flow going pretty well during the past week. The work on Haynes Lake is proceeding satisfactorily. Haynes Lake is 11 inches higher than last year, so will give rather more water than anticipated.

Visitor: They say you have some very severe windstorms out here?

Local Citizen: Yep. Why, only last week we had one that saved the bank here.

Visitor: How was that?

Local Citizen: Yeggs broke in, and every time they blew the safe open the wind blew it shut!

WOLF CUB NOTES

1st Kelowna Pack

Parade on Wednesday evenings, at 7.00 in Scout Hall.

On Saturday next, May 22nd, there will be football and cricket at the Recreation Ground at 10.00 o'clock, when Cubs may try for their Athlete's badge.

The following have passed the test for Athlete's and House Orderly badge: Second Ormond Perkins and Bob Weatherill.

Akela regrets that he will not be able to attend the Scout Display on May 29th, as he has to take duty at Joe Rich Valley on Sunday, the 30th. He hopes, however, to make arrangements for the 1st Kelownas to give an item for the Friday Display, and possibly it may be worked also for Saturday.

Okanagan Mission Scout Patrol and Cubs

Parade on Saturday afternoon, May 22nd, at 2.45.

East Kelowna Pack

Cubs will meet on Saturday morning, May 22nd, at the Kelowna Recreation Ground, at 10 o'clock, for games and tests.

C. E. DAVIS, Cubmaster.

2nd Kelowna Pack

Seven Cubs were absent from our parade last Thursday and, as far as we know at present, only two have sickness as an excuse. We hope to have a full attendance next Thursday at 4.00 o'clock.

Tests passed at last meeting were: Tenderpad, Michael Stirling; Flags, Jack McFadden; Skipping, Bernard Lane; First Aid, James Moe.

A. G. TODD, Acting Cubmaster.

are and are learning how much there is still to be picked up about Scouting, even for many who have been Scouters for years.

"I can assure you, one and all, that I shall be most interested and anxious to hear Pickie's report of you on his return, and to learn how Scouting is going on in Canada. I know I shall be wanting badly to come back there—and, especially, to visit Newfoundland, where I have never yet been.

"This year, however, I have to go to South Africa (after I have visited America and Hungary and have attended the International Scout Conference in Switzerland); so haven't much time. Meantime, I hope Pickie will give you all my warmest greeting and best wishes for "Good Camping" all your days.

Yours very sincerely,

"ROBERT BADEN-POWELL."

1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week of May 23rd to 29th:

The Troop will parade on Friday, at 7.30 p.m., on the School field. Full uniform to be worn. On Saturday, at the same hour, the Troop will parade at the store, from which place they will be taken by truck to the Scout Hall, Kelowna, to attend the Annual Entertainment of the 1st Kelowna Troop and to meet Sir Alfred Pickford, Overseas Commissioner, and John A. Stiles, Canada's Assistant Chief Commissioner. It is desirable that every member of the Troop be in attendance on this occasion.

Duty Patrol for the week: Foxes.

Four Scouts were absent and one late at the regular meeting held on Friday last. Three of the absentees had leave of absence. The Troop paraded on the School field, but immediately after the Roll Call and inspection they proceeded to the wood opposite the store. Here a scouting game (defending the stockade) was played. The Seals were defenders, with Foxes and Kangaroos attacking. This was followed by a camp-fire, a short programme being arranged by the duty patrol (the Seals), including one or two choruses by the Troop, a solo by A.S.M. Dalgleish and mouth organ selections by Second R. White, Scout Angus Harrison and the S.M. Each patrol also put on a Scout law play, the Kangaroos being the best. A "Troop Council" then took place, the subject under discussion being the proposal to hold a week-end camp from the evening of May 22nd to the evening of May 24th. The site chosen was Woods Lake, the old camping site at Indian Point for preference. It was felt that this was too far for some of the smaller Scouts to hike, so arrangements for transportation will be made. It was also agreed that, unless a minimum of 10 out of the 18 members of the Troop attend, the camp will not be held.

The meeting then closed with the "I ji ita ki" yell.

The Troop will not be called upon to take any active part in the June 3rd celebrations here, except to assist, as individuals, with various side shows. We are hoping, however, to arrange a basketball game with Westbank Scouts. There will be a special relay race for Scouts, in which teams of 6 (a patrol) will be eligible to compete, and we hope teams will be sent by Oyanam, Westbank and Kelowna. The members of a team need not necessarily be members of same patrol, but the best runners from the Troop.

We have just received copies of the new Stores Department catalogue and are distributing one to each Scout in the Troop. We hope each member will do his best to have complete equipment for June 3rd.

Nine additional "pup-tents" have been purchased recently from Vancouver and will be available for our week-end camp. We now possess a dozen of these handy little bivouac tents, enough to shelter 24 Scouts. These tents possess many advantages over larger types, being easy to erect and can be divided into two parts, one being carried by each Scout. Scout staves are all the poles necessary and ropes even can be dispensed with.

It is interesting to notice in the May edition of "Boys' Life," the official organ of the Boy Scouts of America, an analysis of the American Rhodes Scholars for 1926 which shows that 65 per cent of those chosen for the honour were former Boy Scouts. A further point of interest is the fact that 50 per cent of the total number earned from one-half to the whole of the money necessary to put themselves through college and university.

"Making fire without matches" is good practical scouting and while it is not specified as a First Class test, we intend to see every candidate for that badge make a friction fire, set and produce fire by that method. We intend to include it in the programme for our forthcoming camp. Details of how to construct a bow-drill set may be found in the hand-book. They are also given in the back of the "First Class Scout's Book," a pamphlet costing only 20c that should be in the hands of every Second Class Scout.

Patrol Competition Standing

Patrol	Points
Kangaroos	576
Seals	535
Foxes	400

A. W. GRAY, Scoutmaster.

GIRL GUIDE NOTES

Sunday, May 23rd, Church Parade for morning service at the United Church. All Guides and Brownies to assemble in full uniform at the Scout Hall at 10.45 a.m.

There will not be a regular Company meeting until June 1st, but Guides will meet next Tuesday, the 25th, outside Scout Hall at 7 p.m., for a walk to "somewhere?"

Our meeting this week was quite a busy one. After roll call the Patrol Leaders had to take the inspection, a new experience for some. Capt. P. Teague will now take inspection once a month. After opening exercises we practised flag-raising and then had an Indian Club drill to music, some of us are improving in our drill. Capt. Teague then gave us an interesting talk on St. Patrick. We have to hand in a written account of the stories of the three saints relating to the Flag on June 1st. Then followed some signalling practice with flags and a hopping game with an Indian Club, which was good fun and was won by the "Daffodils." We concluded with "Taps."

Jazz orchestras have cured more rheumatism than medicine.

Just think, Men—His 1926 Premium is down to \$2.55

BACK in 1881 at the age of 25, a young manufacturer's agent took out a \$1,000 policy in the Mutual Life of Canada, in the ordinary life, profit-participating plan.

For the first three years his premium was \$18.40. Mutual profits then began to show and in 1886 his premium was reduced to \$15.72. Steadily, year by year, his profits grew and his premiums diminished in proportion.

This year his premium has almost disappeared. He paid \$2.55 for his protection for 1926. He has been protected all this time to the full amount of \$1,000, and is so protected today.

There are thousands of policyholders and the beneficiaries of policyholders who have had similar experiences to this one of the "Vanishing Premium" illustrated here. Let us send a copy of the Mutual Book

REPORT ON CROP AND WEATHER CONDITIONS

By Horticultural Branch, Provincial
Department of AgricultureVernon, B.C., May 15, 1926.
Vancouver Island and Gulf Islands,
May 12

The rainfall during the first four months of the year was considerably below normal and moisture conditions were reaching a serious state when heavy rains fell on the 3rd and 4th of May. Cool weather followed for a few days. Warm weather has now returned and the prospects are that it will be hot and dry. The rainfall did a tremendous amount of good to all crops.

The season is from two weeks to three weeks earlier than usual and one of the earliest seasons on record. Magoon strawberries are past full bloom and strawing is in progress. Picking of Magoons should start about May 24th. Marshall strawberries have already been picked in small quantities. New patches of strawberries in most cases are looking particularly good since the rain, but the older patches do not give such good promise. The total tonnage should be about the same as 1925.

Loganberries are almost in full bloom and appear in excellent condition. Prospects are for a considerable increase in tonnage over 1925.

Raspberries are also in bloom, but there is no bloom showing on Himelaya blackberries as yet.

Gooseberries are a good size and some have already been on the market. Currants, both red and black, are sizing up well.

The blooming period is past on all fruit trees. Cherries, both sweet and sour, give promise of a very good crop. Plums and prunes are not so good. Pears appear to have set well, but the crop of apples will probably be considerably lighter than in 1925.

As an indication of the earliness of the season it is interesting to note that

the calyx spray was being applied as early as the 20th of April.

Lower Mainland, May 12

The past winter has been exceptionally mild and, with the early warm spring weather prevailing throughout the Lower Mainland, most crops are about three weeks in advance of last year. The rainfall has been unusually light and consequently the rain during the week of May 3rd was greatly appreciated.

There is an increased acreage being planted to strawberries. The strawberry crop, while light, will be slightly heavier than last year. The berries are sizing up rapidly and a few crates will be on the market over the week-end.

Raspberries have been developing rapidly during the past month and at the present time it would appear that there will be a shortage of pickers to harvest the crop. The new cane growth is quite strong and the bearing canes generally throughout the Fraser Valley are giving evidence of a good yield. Some plantings are not showing up very favourably and this seems to be the result of a combination of circumstances, namely, the severe winter of 1924 resulting in a heaving of plants, followed by a very dry season, and coupled with these conditions these plantings are undermined with mole runs which leave the plant suspended in air pockets, and the dry warm weather of this spring has accentuated the weakness of the plants.

Loganberries are making very strong growth and are coming on rapidly. The crop prospects are for about the heaviest crop on record. Blackberries also indicate a heavy crop.

Red currants and black currants will be a good crop, with gooseberries a little lighter than was expected earlier in the season.

All stone fruits are showing a very good set to date, and cherries are particularly good. Blossoming began early this year, some of the plums being out during the last week in February.

Pears have set heavily throughout, and apples in practically all varieties indicate a heavy crop.

Salmon Arm and Main Line, May 14
Apples and pears in the Salmon Arm, Sorrento and Main Line points promise a heavy crop. At Salmon Arm considerable die-back is noticeable which will affect the yield. The calyx spray is being applied very generally at the present time.

Raspberries are very promising on the whole and other small fruits look exceedingly well.

Vegetable crops are doing fairly well. The potato acreage will be larger than usual.

Cut worms have been very troublesome this spring.

Rhubarb is being shipped in carload quantities from Salmon Arm. One car has gone forward and another one is loading. Asparagus is also moving in considerable quantity by L.C.L. from Salmon Arm.

Vernon, May 14
After the mildest weather conditions during the past winter for a considerable number of years, the ground crops came through in excellent shape, and the season is advanced 10 days to two weeks over 1925. Growing conditions have been splendid since spring opened with the result that small and tree fruits, as well as ground crops, are in excellent condition and give every promise of good yields.

Our pest problems this year are going to cause considerable worry, as Blister Mite is very prevalent in many orchards and Leaf Roller is also serious in some places. The aphids are very generally spread and under congenial conditions are liable to cause considerable worry before the season is far advanced.

In the tree fruits, sweet cherries and apricots are at the stoning stage, and with no mishap through this period promise a good crop. Plums and prunes had a good blossom, but a forecast on the crop is impossible until the stoning period.

Pears and crabapples this year promise a full crop and this applies to all other apples with the exception of Duchess and Wealthy, which are generally not heavy over the whole district.

To date no definite survey of ground crops has been made, but speaking in general terms there will be approximately the same acreage in the major vegetables that was in 1925.

Grain, alfalfa and hay fields look excellent and give promise of some wonderful crops with present weather conditions. The first crop of alfalfa will be cut before the end of May, and the writer has already seen winter wheat in head.

Cut worms, grasshoppers and crickets are causing deep concern to both farmers and business men in the Vernon district, and every effort is being put forth by the Department of Agriculture in combating these pests.

Moisture conditions are good and from present indications the irrigation problem as regards supply should this year cause no grave concern to farmers and orchardists.

The calyx spray for Codling Moth has been completed in the Okanagan Landing section of the Vernon district.

Kelowna, May 13
This spring is about ten days earlier than last year and growing conditions are excellent. Fruits of all kinds show a promise of an excellent crop. The blossom was heavy and weather conditions are in favour of a good set.

The vegetable acreage has increased, there being a much larger acreage of onions than last year. Tomato plants are being set out in the field, and most of the acreage will be planted in a few days.

Leaf Roller on apples is not so much in evidence as usual. Cut worms and wire worms are very numerous and are taking their toll of field and vegetable crops. Grasshoppers and crickets are in evidence, but not to so great an extent as during the last two years.

Summerland, May 12
The 1926 spring will be noted as the earliest for many years. Apricots were in bloom on the 1st of April, cherries, peaches, and early plums by the 13th and pears by the 18th. All varieties of apples were in bloom by the 24th of April, making the bloom period about eight days earlier than last year.

The spring has been dry with variable weather conditions and irrigation water was applied in good time in many orchards. The cover crops and orchard trees are in a thrifty looking condition, with promise of a large crop.

THE COST OF OPERATING FARM MACHINERY

(Experimental Farms Note)

Approximately 9 per cent of the total cost of producing field crops in British Columbia is due to the machinery charge. This cost of operating machinery varies considerably from one farm to another. Where a relatively large amount of special machinery is owned, the cost has been found to be as high as \$8.54 per acre. In other cases, where machinery is extensively used, yet without unnecessary duplication, so that all machines do a maximum amount of work, the machinery cost may be as low as \$1.20 per acre. However, for the bulk of farms this variation is within much narrower limits. The average cost for general machinery in British Columbia is \$3.82 per acre; this figure does not include automobiles, tractors, threshers or motor trucks.

The chief factors affecting the machinery cost are the number of acres cultivated, the cost of repairs, housing, the length of life of the machine. The total annual cost of machinery has been found to be, on the average, 22 per cent of its present inventory value.

The length of life and cost of repairs are interdependent, in that some machines may be made to last almost indefinitely by repeated repairing but eventually the cost of repairs becomes too high and the reliability of the machine too low to warrant further use. Later, the largest annual charge against machinery, while repairs constitute the next largest annual charge, being approximately 6 per cent of the inventory value; careful operation, therefore, presents one of the greater possibilities of cutting down this cost. The number of acres cultivated is the chief factor that controls the cost per acre. Within limits, the greater the number of acres cultivated the lower will be the machinery costs. If the acreage handled annually by a machine is increased, the interest, depreciation and even the repairs will be reduced per acre.

J. M. ARMSTRONG,
Field Husbandry Division,
Central Experimental Farm, Ottawa.

Early vegetable plantings will be as large as last year with most of the plants set in the fields now.

Kootenay and Arrow Lakes, May 10
The season is well advanced in all sections, and is about two weeks ahead of last year. Weather was unusually dry and warm in April which brought growth on very quickly. The district has had a good fall of rain the past week and the weather was considerably cooler. The rain will be of great benefit to all crops. There has been no recent frosts and the cherry crop so far has not been damaged by frost conditions.

The sweet cherry crop is looking good. The bloom was very heavy and the set appears above the average. Indications are that this crop will be 20 per cent better than last year. There has been a very heavy planting of young sweet cherry trees this spring in many sections. Pears had a very heavy bloom and the crop should be a heavy one. The trees rested last year and have come through the winter in good condition. Plums and prunes are going above the average crop. Peaches are very heavy in the Lower Arrow Lakes. However, the acreage is very small and the tonnage will not be large.

On present showing, the apple crop will be about 20 per cent larger than last year. The bloom was very heavy in most sections. McIntosh, Jonathan, Wealthy and Rome Beauty are making the best showing in all sections. Cox Orange are also showing a good crop. Spys, Wagner, are irregular and also Gravenstein, but will be an average crop when all sections are considered. Baldwins seem to be off this year. As usual a heavy crop showing on the Kootenay Gem. Kings will also be light in some sections.

The strawberry crop is coming on fine. The plants are just coming into bloom nicely and so far no damage from frost. The young plants are looking fine and there has been quite an acreage put out this year. The tonnage should be larger this year as the acreage in bearing is larger.

Raspberry canes never looked better than they do this year and a very heavy crop is expected. A very good crop is expected from other small fruits. The season will be about ten days earlier than last year under average weather conditions the rest of the season.

Early potatoes are well up and making fine growth. Main crop is just being planted.

Moisture conditions are good and all crops should mature early as the season is early and seeding was done much earlier than usual.

Grand Forks, May 11
Following an unusually mild winter, with a plentiful snowfall and no frost in the ground, soil moisture conditions this spring were almost ideal. The season is very forward, being fully two weeks ahead of last year, and vegetative growth of all kinds has made rapid progress.

All tree fruits showed an unusually profuse bloom. The period of blossoming was very short, and indications are for a heavy set. A forecast of this year's fruit crop is of course premature at this date as the regular June drop has yet to be reckoned with. Unless this drop is very pronounced, drastic thinning will have to be practised to enable the orchards to properly mature their crop of fruit.

It is encouraging to note that more attention is being given to cover-cropping, and there has been a notable increase in the amount of orchard acreage seeded to leguminous crops, a limited area to field peas, but the larger proportion to hairy vetch.

The calyx spray for Codling Moth has been delayed until this time by adverse weather conditions, but the work is now proceeding and it is hoped that even at this late date a fair measure of control will be attained.

The outlook for a pear crop is most promising. The trees were loaded with bloom and there appears to be a splendid set.

Stone fruits will be very light this year. All small fruits look exceptionally well and give promise of an abundant yield.

Field crops are in fine shape this spring. Alfalfa fields are in splendid condition. Potato planting is very nearly finished

and a considerable acreage is devoted to this crop.

Creston, May 10

The winter of '25-26 was the mildest experienced in this district for many years and no winter injury has been reported. The snowfall was light and there is a lack of spring rains, with the result that the lower subsoil is drier than normal. The season opened early and advanced rapidly with remarkably high temperatures in April. The season at present is ten days ahead of last and growers are applying the calyx spray this week.

The bloom was very heavy and a good set is widely anticipated. The majority of the trees look healthy and are leafing out rapidly. Early varieties will be very heavy, especially the McIntosh, which should yield a record crop this fall. The winter varieties will be good but much depends upon the amount of rain we get during the growing season.

Strawberries were slow in starting this spring but are growing rapidly now and have been in bloom for some time.

Cherries should be a normal crop this year. Pears will be light, Flemish Beauty yielding the heaviest. Raspberries look well where they received irrigation last summer, but the growth of cane was short on the clay and drier situations, and the yield will depend upon the amount of rain we get between now and harvest.

Rhubarb and asparagus is moving freely. Tomato planting will soon be in full swing and the early plants are already out.

"In Every Way—Better"

added
Safety

Easy, Positive Steering
Mechanical 4 Wheel Brakes
Controllable Beam

ADDED safety and easier driving are big reasons for the wide popularity of the Better McLaughlin-Buick.

McLaughlin-Buick's better steering gear (the most expensive type built today) has five times the ordinary control surface.

More than 400,000 4-wheel-brake McLaughlin-Buicks have proved the superiority of McLaughlin-Buick mechanical 4-wheel-brake design.

And McLaughlin-Buick Controllable Beam Headlights now make night driving safe. They furnish bright light, all the time, without glare in the eyes of oncoming drivers.

Your family and you will feel safer and be safer in the McLaughlin-Buick.

The new low GMAC financing rates are available to purchasers of McLaughlin-Buick on time.

STAR
DURANT MOTORS

Economy!

THE FIRST COST OF A CAR DOES NOT TELL THE WHOLE STORY. Low-cost TRANSPORTATION is what the NEW STAR car represents. The NEW STAR costs little to buy—less to run—and the maintenance charges, including oil are less than \$70.00 for 10,000 miles, the lowest of any car in Canada.

The Red Seal Continental Motor
Force Feed Lubrication
Silent Morse Timing Chain

Are some of the features that make the NEW STAR "Supreme in the low cost field".

NOTICE
THE ANNUAL TRAINING CAMP
will be held in Kelowna for a period of
eleven days starting June 1st, 1926.
All ranks who are able to attend should
give their names to Lieut. Tempest as
soon as possible.
They should endeavour to procure
a suitable horse which must be sound,
accustomed to saddle, quiet, free from
vice, standing not less than 15 hands,
and weighing approximately 1,000 lbs.
Arrangements are being made for
those that wish to procure horses
through the Squadron.
Pay will be as in previous years:—
recruits, \$1.25 per day; men with previous
training, \$1.50; N.C.O.s, pay of
rank. Horse allowance, \$1.25 per day.
(Signed) E. B. K. LOYD, Major,
O.C. B. Sqdn., 1st B.C.M.R.

**THE KELOWNA COURIER
AND
Okanagan Orchardist.**
Owned and Edited by
G. C. ROSE.
SUBSCRIPTION RATES
(Strictly in Advance)
To any address in the British Empire
\$2.50 per year. To the United
States and other foreign countries,
\$3.00 per year.
The COURIER does not necessarily
endorse the sentiments of any con-
tributed article.
To ensure acceptance, all manuscript
should be legibly written on one
side of the paper only. Typewritten
copy is preferred.
Letters to the editor, will not be ac-
cepted for publication over a "non-
de plume"; the writer's correct name
must be appended.
Contributed matter received after
Tuesday night will not be published
until the following week.

ADVERTISING RATES
Contract advertisers will please note
that their contract calls for delivery
of all changes of advertisement to
The Courier Office by Monday night.
This rule is in the mutual interests
of patrons and publisher, to avoid a
congestion on Wednesday and Thurs-
day and consequent night work, and
to facilitate publication of The Cour-
ier on time. Changes of contract ad-
vertisements will be accepted on
Tuesday as an accommodation to an
advertiser confronted with an emer-
gency, but on no account on Wednes-
day for the following day's issue.
Classified Advertisements—Such as
For Sale, Lost, Found, Wanted,
etc., under heading "Want Ads",
First insertion, 15 cents per line;
each additional insertion, without
change of matter, 10 cents per line.
Minimum charge per week, 30
cents. Count five words to line.
Each initial and group of not more
than five figures counts as a word.
Filing fee for box numbers, c/o
The Courier, if desired, 10 cents
extra.
Transient and Contract Advertise-
ments—Rates quoted on application.
Legal and Municipal Advertising—
First insertion, 15 cents per line,
each subsequent insertion, 10 cents
per line.
If so desired, advertisers may have
replies addressed to a box number
carried by The Courier, and forwarded
to their private address, or delivered
on call at office. For this service, add
10 cents to cover postage or filing.

THURSDAY, MAY 20th, 1926
**COMPLIMENTS FOR
COUNTRY PRESS**
Vancouver Scribe Draws Comparisons
Favourable To Rural Papers
("Western Tribune," Vancouver)
Those who read, week by week, Brit-
ish Columbia's rural newspapers, re-
flecting in much greater degree the
life and thought and spirit of the com-
munities they serve than do the com-
munities they serve, cannot but be
impressed with the originality of
thought, the loyalty to "home town"
thought, and the rugged individuality
of their editorial columns express. The
city newspaper worker is a cog in a
vast machine. He usually is a special-
ist in his own particular field. Breadth
of vision and diversification of interests
are denied him, wherein he is less than
his rural brother—all-in-all
combination not infrequently of editor,
news and city desk man, reporter,
staff, proofreader, business and ad-
vertising managers, job printing solicitor
and father of the chapel. The result is
more intimate acquaintance with his
community of readers and their con-
cerns, a more comprehensive outlook,
and diversification of subjects for pen
or typewriter, all of which make for
strength.
In addition, the "country editor"
deals with men and affairs first hand,
not by the deadly dull daily process of
wading through reams of "copy" other
men have written, or contemporary
journals, reflecting equally the minds
of others. His isolation develops his
originality just as the isolation of Aus-
tralia gave to that commonwealth a place
in the arts all its own. In comparison
with his similarly situated brethren be-
yond the southern boundary, British
Columbia's rural editor stands up nobly.
His work as a rule is "good stuff",
—distinctive, virile, straightforward
and interesting. There are a dozen
reasons why this province produc-
ing papers promptly unearthed from the
crowded file tables each day of their
arrival, to be scanned with greater in-
terest in city offices than the multiple-
paginated editions of metropolitan grists.
Almost every exchange editor and
author gives his special favours.
For ours we pick at random the Cum-
berland and Cranbrook sheets, the Trail
Bulletin, the weeklies of the Okanagan.

RUTLAND
Mr. Ben Hardie, our genial store-
keeper, has invested in a brand new
Chevrolet truck. The new vehicle is a
handsome one, with the name and ad-
dress of the owner on it, and is a de-
cided improvement on its predecessor.

GLENMORE
At the meeting of the Glenmore
Irrigation District Trustees on Wednes-
day evening, May 12th, Trustee Bolton
reported on the annual meeting of the
Association of B. C. Irrigation Dis-
tricts, to which he was a delegate. It
was decided to sever connection with
that Association.
The Manager was instructed not to
deliver any storage water unless the
reservoirs had been filled and the fol-
lowing regulations governing the de-
livery of water during 1926 were ad-
opted:
1. No charge shall be made for flood
water, provided storage water is also
used. If no storage water is used, a
toll shall be charged for flood water at
a flat rate of \$2.00 per acre.
2. A toll shall be levied for storage
water in accordance with the quantity

3. The Trustees shall set the maxi-
mum per acre allowance from time to
time.
4. Water users desiring to miss an
irrigation, or to close down before their
watering period has expired, must give
the bailiff at least forty-eight hours' notice.
The Manager reported that, failing
rain, there would be a shortage of wa-
ter this year. On May 1st, No. 1 Dam
contained 19.65 feet; No. 2, 11.3 feet,
and the regulating reservoir, 10 feet,
representing in all about forty-nine
days' supply at one acre-foot allowance.
The snow is all gone, the No. 1 Dam
gaining only 134 inches in 72 hours.
There is still some natural flow but the
creek is falling rapidly. The use of
storage water began on Monday, May
10th.
In order to make the supply last as
long as possible, a resolution was pas-
sed to the effect that all water users
shall miss the equivalent of three
weeks' consecutive flow. Every one
will be given the privilege of taking the
first watering as per schedule card be-
fore missing.
Since the meeting of the Trustees,
the water situation has improved con-
siderably. There have been exception-
ally heavy rains at the dams, and No. 2
now stands at 22 ft. 7 ins., and No. 1
at 12 ft., representing about sixty-two
days' supply at the one acre-foot al-
lowance. Although it has been neces-
sary to let out some water from No. 1
Dam, it has not yet started to drop, the
inflow being equal to what is being let
out.
Twelve members of the Women's In-
stitute were able to take advantage of
the invitation of the Winfield Women's
Institute to be their guests at their last
meeting. A very delightful and in-
structive afternoon was enjoyed. Mem-
bers are reminded that at the meeting
on the 26th, Dr. Knox has kindly con-
sented to talk on "Goitre," and the
roll call is "One thing I do to keep
well."
The Sunday School in connection
with the Community Church has chan-
ged its hour for the summer and will
meet at 9:45 a.m.
Mr. J. C. Clarke attended the Sun
Life convention at Penitence from
Wednesday to Saturday last.
Mr. Cyril Westaway, of Kamloops,
was the guest of Mr. and Mrs. J. C.
Clarke over the week-end. He left for
Kamloops on Tuesday.
A flock of sheep belonging to Mr.
Cameron are grazing on the golf links.

Local and Personal

Major W. S. Smith, of Victoria, is staying at the Palace. 40-1c

Summer express rates on fruit went into effect on Saturday. 40-1c

Miss W. A. Avanco, of Armstrong, spent Tuesday in the city. 40-1c

Mr. and Mrs. F. J. Moorat and family have returned from the Coast. 40-1c

Mr. and Mrs. S. G. McClelland, of Vancouver, are guests at the Palace. 40-1c

Mr. J. Stirling and Mr. L. Gillard left on Saturday on a trip to Penask Lake. 40-1c

On and after June 1st the ferry will leave Kelowna for Westbank daily at 8 a.m. 40-1c

Mr. S. Switzer, of Vancouver, who was a guest at the Lakeview, left today for Vernon. 40-1c

Mr. W. A. Richards, of Nelson, who was staying at the Lakeview, left for home yesterday. 40-1c

Mr. and Mrs. W. R. Tweedy and family, of Summerland, were visitors here over the week-end. 40-1c

Mr. W. R. Carruthers, of the Bank of Montreal staff, Vernon, is spending his vacation with his parents here. 40-1c

Mr. and Mrs. V. Granfors, of Vancouver, who were visitors here over the week-end, travelled north on Tuesday. 40-1c

Monday next being Victoria Day and a public holiday, all stores and offices in town will be closed for the whole day. 40-1c

The new Dominion Express fruit car, which is of the most up-to-date type, is to be exhibited at Vernon next week. 40-1c

Messrs. Morton Page, J. Ward, A. Rankin and F. Berard were among the lucky anglers at Chute Lake over the week-end. 40-1c

No fruit and vegetable shipments were made from here last week and none were made during the same period last year. 40-1c

Two cars of canned goods were shipped from the city last week and the amount as during the corresponding week in 1925. 40-1c

Mr. and Mrs. J. Ball and Mr. Ralph Ball returned home last Thursday. They have as their guest at the present time Miss Marion Smith, of Vancouver. 40-1c

Mr. P. B. Freehand, Resident Mining Engineer, Grand Forks, who spoke at the Board of Trade meeting on Tuesday evening, returned south yesterday. 40-1c

Mr. Roy Herne, of Vancouver, arrived in the city this morning to take part in the opening of the new golf course and is staying at the Lakeview. 40-1c

Guests at the Lakeview include: Mr. and Mrs. C. E. Webb and Mr. C. R. Goodwin, of Vancouver; and Mrs. A. Howard and son, of Okanagan Landing. 40-1c

Mr. and Mrs. J. E. Homewood and family left on Friday for England. They sail next Saturday on the s.s. "Meganitic" from Montreal to Liverpool. 40-1c

A party of Vancouverites consisting of Mr. and Mrs. J. Atkins, Mr. and Mrs. D. O. Leslie and Mr. M. E. Davidson, spent Tuesday here on their way to Banff. 40-1c

Mr. and Mrs. A. G. Ferguson and Doris left on Saturday for Europe, where they will spend two months prior to their return to Chile, South America. 40-1c

Mrs. R. F. Foote, of New York, who was staying at the Palace, left on Monday for Penikese. Mrs. Foote is making a tour through the Interior and is gathering data on the resources of B.C. 40-1c

Mr. L. D. Kennedy, Provincial Manager for B. C. of Mason & Risch, Ltd., visited the local branch of that firm on Tuesday and conferred with the local manager, Mr. J. Dayton Williams, upon business matters. 40-1c

Mr. and Mrs. Harold Thomson arrived on Monday from Moncton, N.B., and are staying with Mr. Thomson's parents, Mr. and Mrs. E. J. Thomson. It is their intention to take up their residence in the district. 40-1c

Mr. Thos. Loudoun, Superintendent Engineer of C.N.R. Marine, paid a visit to Kelowna on Thursday to arrange some details in connection with the building of the new C.N.R. motor ship for service on Okanagan Lake. 40-1c

Fishing south of Penikese appears to be good just now. Mr. J. M. Paret having caught some very large trout in Vaseaux Lake last Sunday, and anglers from Westbank having met with similar luck when fishing in the Okanagan River, north of Okanagan Falls. 40-1c

Mr. and Mrs. G. R. Hall and family, of Okanagan Mission, left for the Old Country on Saturday. They take passage next Saturday on R.M.S. "Ascania," bound from Montreal to London. Miss V. Simpson Smith, who has been visiting at Okanagan Mission, also sails on the same ship. 40-1c

Mr. W. E. Davidson, of Smith, Davidson & Wright, Ltd., wholesale paper merchants, Vancouver, spent Tuesday in town, the occasion being his first visit to Kelowna since about ten years ago, and he was very favourably impressed with the progress made during the intervening period. 40-1c

A company entitled "Associated Canadian Hotels, Limited," with a capital of \$400,000, divided into four thousand shares, and with registered office at Vancouver, was granted a certificate of incorporation at Victoria last week. According to an item in the Vancouver Sun, Mr. J. D. Kearns, of Vancouver, who is well known throughout the Okanagan Valley, is one of the incorporators of the company, and its objects include the erection of hotels at Nanaimo, Kelowna and other points throughout the province, to be operated on the chain system. 40-1c

Pear Lake is one of the most attractive resorts for anglers at the present time and among those who have fished there recently are Mr. F. Gibson and Mr. G. Smith, who made a fine catch there over the week-end, the trout running up to 2½ lbs. in weight. The flies used were the Black Gnat and Royal Coachman. 40-1c

Owing to a number of additions to the classes since publication of the prize list on March 4th, the Kelowna Amateur Sweet Pea Association has deemed it advisable to publish once more the revised list, which will be found in this issue. Flower lovers and intending competitors should cut it out, as it will not appear again. 40-1c

On Monday, Mr. D. H. Rattenbury, Registrar, added 304 names to the voters' list of the South Okanagan constituency. However, 335 names had to be struck off the list, those of people deceased or no longer resident in the riding. The total number of names on the list now stands at 4,231, thirty-one less than last year, the total of the old list being 4,262. 40-1c

Messrs. W. D. Maxson, F. Paul and P. McLaren went on a fishing trip to Chute Lake on Sunday where they had a successful day's fly fishing. They made the trip from town to the lake in three hours, motoring to the base of the power line trail and "hoofing" the rest of the distance. By taking this route they had a day's outing and were home at 6 p.m. 40-1c

A large number of people took advantage of the Kelowna General Hospital being thrown open to inspection by the public yesterday afternoon, the number of visitors to the institution being much greater than on any former occasion. Dr. G. A. Ootmar was on hand to explain the work done in the pathological laboratory, which greatly interested the public. Tea was also served in the Nurses' Home by the ladies of the Kelowna Women's Institute. 40-1c

Miss M. R. McClung, who for the two past years held the position of Public Health Nurse here, left on Saturday for Winnipeg, having been recalled to Manitoba by the Board of Health of that province. During her stay here Miss McClung made a host of friends, who greatly regret her departure. She will be especially missed by the members of the Kelowna Women's Institute, who were associated with her in her work among the sick and needy. 40-1c

In a letter to a Kelowna resident, Mr. C. deB. Green, the well-known naturalist, writing from Marron Valley, states "apart from other vermin such as crows, badgers, horned owls and eagles, which also have to be fought when sheep farming, crows have just killed five of my lambs by piercing the skull and eating the brains. These five were killed in two days in spite of all that I could do." This appears to settle the question as to whether crows do or do not kill lambs. 40-1c

On Tuesday evening four Westbank Indians were each fined \$5 and costs in the Provincial Police Court for having been drunk the previous Saturday at the Westbank ferry wharf, and yesterday George LaPointe, who has been living in the city for some time past, was tried in the same court for having supplied them with liquor. On being found guilty, he was sentenced to six months hard labour and was taken the R.C.M.P. by Sgt. Birch of the R.C.M.P. on his way to Oakalla to serve his time. 40-1c

On Monday the new train schedule went into effect on the Kettle Valley railway, trains reaching Penikese, both eastbound and westbound, half an hour earlier than before. The time table of the C.P.R. lake steamer was also altered on the same day and she now leaves Penikese at 5.30 a.m., arriving here at 8.50 a.m. On the southbound trip her time of arrival here will be the same as hitherto, 3.55 p.m. The C.P.R. is still transferring Coast passengers for Kelowna at Summerland from the train to the steamer. 40-1c

On Tuesday, Mr. J. E. Reekie received word from the Provincial Department of Labour that he had been appointed Employment Agent for Kelowna, a position which has been badly needed in this city for the past two years, the appointment to date from May 15th. Mr. Reekie intends opening his office in the Leckie Building, Bernice Avenue, where official lists of those seeking employment and of those needing help of various kinds will be kept. This appointment will greatly facilitate the handling of labour here during the busy season, which will commence very shortly, as in recent years it has been necessary to send to Vernon or Penikese for official information. 40-1c

Last Saturday, the ladies of the Kelowna Women's Institute held a Tag Day for the fund for crippled children which is being handled now by a separate committee of those connected with the establishment of a solarium at Saanich, near Victoria. The results of this Tag Day were very gratifying, no less a sum than \$207.30 being secured as Kelowna's contribution to the province-wide effort to better equip this much needed institution. The ladies started selling tags early in the morning and did not cease their activities till late in the evening and disposed of over one thousand. They wish to thank the public for their generosity, as the amount raised is beyond their expectations, so many people being absent from the city last Saturday. 40-1c

MARRIAGE

Chaplin—du Cloy
Yesterday morning in the presence of a few relatives and intimate friends, Rev. Dr. C. Jackson, of Edmonton, who is acting as temporary minister of the United Church here, united in marriage Mr. Maurice B. Chaplin, eldest son of Mr. and Mrs. H. V. Chaplin, of Bear Creek, and Miss Pearl du Cloy, daughter of Mr. and Mrs. C. E. W. du Cloy, of Calgary. Miss Marjorie Chaplin, sister of the groom, acted as bridesmaid and Mr. Kimball Chaplin, his brother, as best man. 40-1c

The same morning the happy couple left for the Coast, where the honeymoon will be spent, after which they will visit the bride's relatives at Calgary before returning to B. C. On their return, Mr. and Mrs. Chaplin will reside at Peachland, where Mr. Chaplin will take over the duties of manager of the packing house. 40-1c

OBITUARY

Mr. William Dalglish Hobson

Gloom spread through the community on Tuesday especially amongst the old-time residents, when it became known that one of its most popular and respected members, Mr. William Dalglish Hobson, had passed away at the Kelowna Hospital early that morning. He had been in impaired health for several years but a fatal termination was quite unexpected. He entered the Hospital on May 11th and underwent an operation, after which he appeared to be making a good recovery, but a sudden relapse took place on Monday last and the end came quickly. 40-1c

Mr. Hobson, who was slightly over 58 years of age, was born at Clifton, England, the son of a Church of England clergyman, Rev. William T. Hobson, B.A., who for many years was Vicar of St. Barnabas' Church, Douglas, Isle of Man, and Canon of St. Patrick's Cathedral, Diocese of Sodor and Man, and later was Rector of Playden, near Rye, in Sussex. His mother, nee Elizabeth Lockhart Dalglish, belonged to a Liverpool family. He passed his early years in the Isle of Man and was educated there at King William's College, near Castletown, and at Christ's College, Cambridge University, where he took his B.A. degree. 40-1c

Thirty-five years ago, Mr. Hobson emigrated to Canada, coming to what was then Okanagan Mission a few months previous to the laying out of Kelowna as a townsite. During all these years he had been actively engaged in farming, first in partnership with Mr. G. C. Rose on what is now part of the Pridham property, later for a number of years at Benavon in association with Mr. H. B. D. Lyons, and afterwards for a long period at Okanagan Mission, where he owned a fine tract of land fronting on the lakeshore. 40-1c

Until failing health limited his activities, Mr. Hobson took a keen interest in public matters and filled a number of offices, including that of Justice of the Peace. He was a loyal Anglican and acted as chairman of the Building Committee of St. Andrew's Church, Okanagan Mission, also as a churchwarden of Kelowna Parish. He was a strong supporter of clean athletics and during its existence was one of the mainstays of the Okanagan Mission Sports Club. His cool, clear and dispassionate judgment was valued highly in matters concerning the agricultural industry, and he enjoyed the confidence and trust of the farming community while he filled the office of President of the Kelowna Farmers' Exchange, predecessor of the present Growers' Exchange. His unfailing courtesy, gentleness and transparent sincerity gained for him the enduring regard of a host of friends who lament his passing. 40-1c

In 1911 Mr. Hobson married Miss Margaret Jessie Baines, daughter of Mrs. Baines and the late Mr. A. Baines, of Uley, Gloucestershire, England, and she survives to mourn his loss together with two sons, William Arthur and Henry Robert. Other surviving relatives include two brothers, Robert L. Hobson, M.A., of the British Museum, London, and Rev. Douglas W. Hobson, M.A., Rector of Heston, Cheshire, and two sisters, Mrs. M. G. E. Woodmoss, late of Okanagan Mission and now resident at Victoria, and Miss Amy Hobson, of Rowley, Surrey, England. Mr. R. L. Dalglish, of Kelowna, is a cousin. 40-1c

The funeral service was held in St. Andrew's Church, Okanagan Mission, on Wednesday afternoon, when there was a very large and representative attendance from the whole Kelowna district, the church being unable to accommodate all of the assembly. St. George's Lodge, A. F. & A. M., of which the late Mr. Hobson was one of the oldest members, was present in great strength. 40-1c

Ven. Archdeacon Greene and Rev. C. E. Davis officiated in the church and at the graveside in St. Andrew's churchyard, and the lesson was read by Mr. R. Gray, brother-in-law of the deceased. The beautiful ritual of the Masonic Order was conducted by Worshipful Past Master J. F. Burne and the customary Masonic honours were paid. A number of lovely floral tributes were sent by sympathising friends. The pall-bearers were: Messrs. R. A. Bartholomew, W. M. Thomson, H. B. D. Lyons, A. H. Creighton, T. Wadsworth and A. K. Stuart. 40-1c

CARD OF THANKS

Mrs. W. D. Hobson, family and relatives wish to return their sincere thanks to all friends for much kindness and sympathy shown them in their recent bereavement. 40-1c

CARD OF THANKS

Mr. and Mrs. H. J. Harden wish to thank the neighbours and friends for the kindness and sympathy shown during the recent sudden death of their father, Mr. W. D. Harden, also the Ladies' Guild of Glenmore for flowers sent. 40-1c

CARD OF THANKS

We desire to express our thanks to all those who so kindly supplied cars to take the boys and girls to Vernon on Saturday last, particularly Messrs. Geo. Rowcliffe, Limited, for providing a truck at the last moment, and also to Messrs. J. B. Spurrier and F. B. Lucas for the great assistance they gave in training the competitors. 40-1c

Smith was a young lawyer, clever in many respects, but very forgetful. He had been sent to a distant town to interview an important client, when the head of his firm received this telegram: "Have forgotten name of client. Please wire at once."

The reply he received was: "Client's name Jenkins. Your name Smith."

Benson: What kind of a man is this fellow that you are engaged to, anyway?

Marion (his daughter): Well, he says he has always wanted a home.

Benson: That sounds good.

Marion: And he likes ours very much.

FOR RADIO AMATEURS KGO Programme For The Week Of May 23 to May 29

(Frequency, 830 kilocycles; 361 metres)

Sunday, May 23

10.00 p.m. to 12.30 a.m.—Dance Music.

WESTBANK

Messrs. W. H. Hewlett, Rob Hewlett and Bill Gore left on Friday morning to spend a week at the dam at Paynter Lake. John de C. Paynter accompanied them as guide.

Mr. T. B. Reece with his usual cleverness has completely changed Mr. Faulkner's bungalow by putting a charming verandah round two sides of it.

Most of the invalids have quite recovered except Mrs. Masson Russell, who is still very weak and a great anxiety to Mr. Russell.

Messrs. Elliott, Reece and Koide have been busy planting tomatoes, the weather being favourable with showers of rain.

Miss Dobbin opened the ice cream department of her store on Saturday, much to the delight of the local school children.

Capt. J. de C. S. Paynter, Jessica and Henry Paynter motored to Okanagan Falls for the week-end and had some excellent fishing.

Mr. Carre has been busy painting the Gospel Hall, and Mr. J. L. Dobbin has also had his house painted most artistically, both being great improvements to the townsite.

Mr. Grievie Elliot has done a lot of work to the ranch he bought from Mr. Hardwick, which was originally the Gore pre-emption and will be made into a good farm under Mr. Elliot's able hands.

Mr. Paynter, who has been in hospital for the past week, returned home on Monday in a very weak condition.

A team of baseball players visited Peachland on Friday afternoon and were badly beaten. However, they were consoled by an excellent dance which was given by the Peachland baseball players in the evening.

Mr. Max de Pfyffer arrived on Saturday to take up his duties as the Manager and Secretary-Treasurer of the Westbank Co-operative Growers' association. His old friends wish him success in the coming season.

JOHNNY HINES IN A FOAMING COMEDY

Milk Is The Background For Star Comedian In "The Early Bird"

Milk? Milk? Where does the romance or fun come in connection with milk?

See Johnny Hines in "The Early Bird," a holiday offering at the Empress Theatre on Monday and Tuesday next, May 24th and 25th, and you will receive the answer.

Johnny himself is the early bird, the hustling driver of a milk wagon, and about that prosaic vehicle is cleverly built up a romantic and also hugely amusing story with an unusual plot. It is clean, wholesome comedy of such great variety that there is never a dull moment. The speed with which the action is carried out does not diminish from beginning to end.

As the milk driver, Johnny falls in love and decides that the only way to achieve marriage with the girl of his heart is to make something of himself financially. How he accomplishes his ambition is deftly told in the most amusing manner possible. The picture carries along the audience breathlessly and between the speedy action and the plot there are many uproariously funny situations that compel hearty laughter. The final result is one of keen exhilaration, and the average playgoer leaves the theatre with a feeling of wanting to go out and do something and to do it in snappy fashion—just as the breezy Hines does. If ever a motion picture production can nerve-tighten feelings and do away with jaded spirits, that production is "The Early Bird."

CANADIAN LEGION OF THE B. E. S. L.

Kelowna Branch

An event of outstanding importance in the history of ex-service men's organizations took place in Vancouver at the commencement of this month, when delegates from all over the Province assembled there to bring into being the Provincial Command of the Canadian Legion of the British Empire Service League.

In this connection it is now announced that the old name of G.W.V.A. is now extinct, and that the local branch will be known under the new name.

Comrade C. Grant MacNeill, lately Secretary of the Dominion Command at Ottawa and the man who has looked after all legislative and adjustments work in connection with pensions since the G.W.V.A. came into activity in 1917, will visit Kelowna on June 2nd, and will deliver a lecture to the citizens on "Canadians in action," and will also show official films on the operations at Ypres, Courcellette, and Cambrai. This lecture has met with unqualified praise at all the centres at which Mr. MacNeill has already spoken, and a treat is in store for those who are in any way interested (and who is not?) in the great doings of 1914-18.

For particulars will appear in this journal next week.

A man from Glasgow was standing in Belfast watching the sights when a band came around the corner playing a lively tune. The day was hot and the bandmen had their coats off. Having no one to talk to, the man from Glasgow stepped up to the Irishman who was passing and said with a smile:

"I see they have to take their coats off to play the band here."

"Begorra, and that's nothing," answered the Irishman. "When I was in Scotland I noticed that they had to take their pants off to play the bagpipes."

"The joy of the motorist is to find a good parking place," remarks an exchange. But think of the greater joy of coming back and finding your car still there.

"I'm willing to give you a trial as my stenographer, but I hope you don't use slang. The last girl we had here was entirely too slangy to suit me."

"I get you, boss. Do you want to spill a little dictation now or would you rather lumber up your brain with a couple of cigars before we wade into the day's bad news?"

"POUND DISTRICT" ACT

WHEREAS under the provisions of this Act application has been made to the Lieutenant-Governor in Council to constitute all that portion of Osoyoos Division of Yale District in the South Okanagan Electoral District, which may be more particularly described as follows:

Commencing at the point of intersection of the centre line between the east and west halves of Section 6, Township 26, with the south bank of Mission Creek; thence due south along the centre line of said Section 6, and the centre lines of Sections 31 and 30, in Township 29, to the south boundary of said Section 30; thence west along the south boundary of said Section 30 to the south-west corner thereof; thence continuing westerly along the south boundary of Section 25, Township 28, to the S.W. corner of the S.E. quarter of said section; thence westerly and northerly along the southerly boundary of the lands shown on Subdivision Plan numbered 1722, and deposited in the Land Registry Office at Kamloops, to the shore of Okanagan Lake; thence northerly along the shore of said Lake to the mouth of Mission Creek; thence easterly along the south bank of Mission Creek to the point of commencement, a pound district.

Notice is hereby given that, thirty days after the publication of this notice, the Lieutenant-Governor in Council will proceed to comply with the application, unless within the said time objection is made by eight proprietors within such proposed pound district, in Form of the Schedule to the said Act, to the undersigned.

E. D. BARROW,
Minister of Agriculture,
Victoria, B.C.
April 30th, 1926.

FIFTH ANNUAL INTER-SCHOOL TRACK MEET

(Continued from page 1)

They were all well contested, and though many past records were not broken, perhaps better than in previous years. In many of the races only a few inches separated those taking first, second and third place. The hurdles races were especially well contested, the hurdles being negotiated together by all competing, but perhaps the finest events of all from a spectator's point of view were the 220 yards, open, boys, Public School, and the 440 yards, boys, open, High School, where the winners literally nosed their way to first place. The half-mile for boys under 16 was also a splendid contest.

Individual winners of prominence were: in High School events, M. Still, of Vernon, who made 16 points; George Meikle, of Kelowna, and L. Gould, of Summerland, 14 each; R. Thomas, of Pentiction, 13; and C. Overton, of Oliver and H. Campbell, of Kelowna, 10 each. In the Public School contests, W. Luesley, of Pentiction, had no rival, and his skill can be said to have won the cup for his school. He gained 16 points, his nearest competitors for individual honours, M. Weaver, also of Pentiction, and A. Maranda, of Kelowna, securing 10 each, and F. Wilson,

of Armstrong, 9. Those from Kelowna who attended this pleasant event returned home, whether competitors, fellow students, or ordinary grown-ups, delighted with the day's sports. The trip was made under pleasant weather conditions, and the comfort of the children who made the journey by truck was well looked after by the drivers. Arrangements for transport had been well attended to by Mr. C. W. Lees, the drivers took good care of those entrusted to their keeping, the country looked at its very best and all were thoroughly pleased with the outing.

Officials

Those responsible for the success of the track meet this year were: Clerk of the Course: H. K. Bearisto. Referee: A. B. Godfrey. Finish Judges: J. M. Wright, Hamilton Lang, R. W. Neill, R. Wilton, T. R. Hall, H. Pont, P. E. French, Dr. K. C. MacDonald, Dr. E. W. Prowse. Field Judges: A. O. Cochran, C. B. Lefroy, H. P. Hogg, E. C. Weddell, L. M. Richardson, P. R. Finlayson, G. F. Reinhard. Timers: C. W. Lees, J. P. G. MacLeod. Inspectors: J. Harwood, T. Aldworth, A. G. Woolsey. Scorers: A. S. Matheson, A. S. Towell, W. A. Winder. Starter: G. Redgrave, J. Dean. Announcers: H. W. Daniel, G. Jones. Marshal: Chief R. N. Clarke. Field Doctors: Dr. O. Morris, Dr. S. G. Baldwin. Field

Nurse: Mrs. Stuart Martin, R. N. Track Superintendent: C. White. Press Steward: W. S. Harris. Officials: Mayor L. L. Stewart, B. A. Bradley, G. O. Nesbitt, W. G. Ferris, Rev. T. R. Heneage, Col. Ross Napier, D. A. McBride, and others.

High School Events

Hurdles, 120 yards, boys open. 1, R. Thomas, Pentiction; 2, G. Meikle, Kelowna; 3, L. Irving, Vernon. Time, 19 and 4-5 secs. 1925, 21 secs.

No second prize will be awarded unless there are more than four entries in any class.

Membership tickets, 50c. For these, and further particulars, address Miss I. E. Hewetson, Secretary 40-1c

"Fellow citizens," said the coloured orator, "What an education." "Education am the palladium of our liberties and the grand pandemonium of civilization."

"I found a letter in a woman's hand-writing in your pocket this morning," she began angrily.

"But what—where—why—I don't know—did you open it?" he asked in confusion.

"I did not; it was the one I gave you to post yesterday."

Broad Jump, boys under 14. 1, E. Wyatt, Armstrong; 2, J. Crooks, Vernon; 3, C. LeBlond, Pentiction. Length, 15 ft., 4 inches. 1925, 14 ft., 1 and 1-2 inches.

Hurdles, 120 yards, boys under 16. 1, J. Finch, Pentiction; 2, F. Wilson, Armstrong; 3, J. Snowsell, Kelowna. Time, 19 secs. 1925, same time.

Total points: Pentiction, 70; Armstrong, 38; Kelowna, 21; Vernon, 20; Summerland, 18; Springhead, 5; Oyanma, 3; Lavington, 3; East Kelowna, 2; Enderby, Coldstream and Okanagan Mission, 0; 1925: Pentiction, 70; Kelowna, 57; Vernon, 20; Summerland, 15; Oliver, 6; Okanagan Falls, 3.

Cups and Prizes
Silver medals will be awarded to all winners of first place, and ribbons to winners of second or third place.

The Kelowna Cup, held last year by the Pentiction Public School, remains at Pentiction.

The Vernon Amateur Athletic Cup, held last year by the Pentiction High School, comes this year to Kelowna.

The Ramsay Cup, held last year by a Vernon team, is now held by the Kelowna team, winners of the Boys' Open Relay Race.

The Jacques Cup, given this year by Messrs. F. B. Jacques & Son, of Vernon, for the best showing made by a school of three divisions or under, was won by the Oliver Public School.

The Whitten Cup, presented this year by Mr. C. J. Whitten, of Vernon, for the winners in the Girls' Open Relay Race, High Schools, was captured by Pentiction.

Retarian prizes were won by the following:
High School Section, 100 Yards, boys under 17. M. Still, Vernon; 1 mile, open, F. Whittaker, Vernon.
Public School Section, Relay Race, girls under 16. Won by Pentiction team; Half Mile, boys under 16. L. Griffith, Armstrong.

***** TWENTY YEARS AGO ***** (From the files of "The Kelowna Courier")

Thursday, May 17, 1906

"A party of brethren of St. George's Lodge, A. F. & A. M., consisting of Messrs. D. Barnes, E. Wilkinson, De Hart, Burne, Budden, Elliott, Hunter, Hinkson and Dr. Knox, went to Peachland yesterday by the ferry launch "Skookum" to attend the funeral of a brother of the craft, Mr. R. E. Lav, who had been resident at Peachland for several months, and was formerly a chemist at Holland, Man. He was over 70 years of age. The delegation returned last evening."

"The Board of Trade application for a charter has been completed and sent to Ottawa. Thirty-three names were obtained without much difficulty, although the charter members are restricted to mechanics, traders, brokers, mechanics, manufacturers, managers of banks and insurance agencies. When the charter is granted and organization completed, it is to be hoped that people of all other occupations will join the board and give every possible assistance towards forwarding its work. The trouble in most small cities is that there is a division of effort; there are too many public bodies, and if the work of several can be concentrated into one and the Board of Trade be made to do duty for a Tourist Association, Citizen's League and all associations of similar nature, it should be a complete success."

"The local lodge of Knights of Pythias held their annual church parade last Sunday to the Presbyterian Church. In the absence of the Rev. A. W. K. Herdman, who was officiating at Vernon, the Rev. J. Ball, chaplain of the lodge, held service, preaching from the text Prov. 27:10, "Thine own friend and thy father's friend, forsake not." Over thirty brethren attended, and the collection taken on behalf of the Hospital Fund realized \$30.00."

At meetings of the City Council held on May 14th and 15th, several important by-laws received consideration and were advanced a stage. Exemption of the new mill site of the Kelowna Saw Mill Co. from taxation for ten years was provided by one of the by-laws, in consideration of the Company moving the location of its mill, to be erected to replace that recently destroyed by fire, further to the north than the former site and placing its Bernard Avenue frontage on the market as business property. The sawmill yard at the time of the fire occupied all the north side of Bernard Avenue from the Stirling & Pictou building, torn down a year or two ago, to Water Street, and it formed a constant fire menace to the business premises along the south side of the street, hence the chance to have the mill shifted further away was eagerly grasped by the Council.

Another by-law, granting a telephone franchise to Mr. H. H. Millie for a term of three years, was given second reading. By-laws providing for loans of \$5,000 for streets improvement and \$10,000 for a water system were held over for further consideration and revision.

The Bicycle that Grows with Your Boy

(Boys—get your dad to read this ad.)

NOTICE that curved bar. It might be called the economy curve, because Billy, aged twelve, can now ride the bicycle comfortably. And when Billy is seventeen, he will be able to use the same bicycle with equal comfort. Billy cannot outgrow the C.C.M. curved bar bicycle. By raising the saddle and handle bars it grows with him.

The chances are your twelve-year-old Billy knows all about C.C.M. bicycles. He can tell you how they're built of English seamless tubing, how the nicked and enameled parts stand years of

wear and how the C.C.M. Triplex hanger gives easy pedalling.

Equipped with Famous Hercules Coaster Brake

Nothing like the new improved Hercules brake has yet been invented for the bicycle. Billy can tell you about that, too. It has a never-failing, smooth grip. It means protection for Billy, whether at twelve or seventeen. Weighing only 29½ ounces, it is everything in an emergency. All C.C.M. bicycles are equipped with the new improved Hercules brake.

Visit the C.C.M. dealer. Look over the new models. Investigate the easy payment plan. C.C.M.'s are 90% made in Canada, 100% value.

BASEBALL

Central Okanagan League

Central Okanagan League results to
date are as follows:

Wednesday, May 12, at Oyama. Win-
field, 9; Oyama, 6. Seven innings.

Thursday, May 13, at Winfield. Win-
field, 3; Rutland, 1. Seven innings.

Monday, May 17, at Winfield. Win-
field, 15; Kelowna, 5. Five innings.

Monday, May 17, at Rutland. Rut-
land, 16; Oyama, 1. Seven innings.

Thursday's game at Rutland with
Winfield was a really exciting contest
and contained splendid ball throughout.

Ken Dalgleish, pitching for Rutland,
struck out eleven but weakened in the
last three innings.

Score by innings:

RUTLAND 0 0 0 0 0 1 0 0 0 1
WINFIELD 0 0 0 1 0 2 3 3

Kelowna made a good start at Win-
field on Monday but Gaspardone, pitch-
ing for Kelowna, could not hold the
Winfield batters and his support was
extremely poor at times. Saigo relieved
him but Winfield continued to pile up
the score, while Duggan, who took
Siverson's place in the box for Win-
field, held Kelowna scoreless after the
second inning.

Score by innings:

KELOWNA 2 3 0 0 0 5
WINFIELD 7 1 4 3 5 15

Batteries: Kelowna: Gaspardone,
Saigo, Mills, Rainbow. Winfield: Simp-
son, Duggan, Thorlakson.

Ken Dalgleish held Oyama to a soli-
tary run on Monday, striking out fit-
teen, while his support was good, Lewis
pulling off a spectacular catch in the
outfield.

Score by innings:

OYAMA 0 0 0 0 1 0 0 1
RUTLAND 2 2 6 0 5 16

League Standing

Winfield 3 Won 1 Lost
Rutland 1 0 1
Kelowna 0 0 1

Kelowna and Rutland are playing to-
night at 6 p.m. in the Athletic Park,
opening the local season.

Remaining Dates On Schedule

May 20—Rutland at Kelowna.

May 20—Winfield at Oyama.

May 24—Oyama at Kelowna.

May 27—Oyama at Rutland.

May 27—Kelowna at Winfield.

May 31—Winfield at Kelowna.

May 31—Rutland at Oyama.

June 3—Winfield at Rutland.

June 3—Kelowna at Oyama.

June 7—Oyama at Rutland.

June 7—Kelowna at Winfield.

June 10—Rutland at Winfield.

June 10—Oyama at Kelowna.

June 14—Winfield at Rutland.

June 14—Kelowna at Oyama.

June 17—Winfield at Kelowna.

June 17—Rutland at Oyama.

June 21—Kelowna at Rutland.

June 21—Oyama at Winfield.

June 24—Rutland at Kelowna.

League Officers Elected

At a meeting of the executive of the
Central Okanagan Baseball League,
held on Monday evening, the following
officers were selected for the season:

President, A. W. Gray, Rutland; Vice-
President, J. B. Spurrier, Kelowna; Sec-
retary-Treasurer, A. Prior, Winfield.

CRICKET

J. White's Eleven Defeats
Blakeborough's

Griffith and Hall's bowling and some
smart catches by Matthews were the
features of the cricket exhibition match
this week. J. White's eleven winning
from Blakeborough's, 93 runs to 70.

White, 32; Keevil, 26; Sutton, 23;
Dunlop, 20; Crichton, 19 and E. Mat-
thews, 13, were the leading scorers,
while Griffith, 5 wickets for 23, White
3 for 13, Hall, 4 for 18, Blakeborough,
2 for 7, Davis, 2 for 7, and Hunt, 1 for
11, were effective with the ball. Hunt,
while not taking many wickets, kept a
nice length, and Griffith had control of
the ball that worked a change of pace
which gave him 5 wickets. The new
pitch has made a difference to both
bowlers and batsmen, and is producing
better cricket.

Sons Of England Withdraw From
League

Sons of England have notified the
league secretary that they will be un-
able to take part in the Kelowna and
District League this season, which
means that the team will not be dis-
banded but will be in a position to play
friendly matches although withdraw-
ing from the league competition. As a
result an amended schedule has been
drawn up with calls for the City and
G.W.V.A. opening the competition on
May 23rd.

The schedule, as amended for the
season, is as follows:

May 23—City vs. G.W.V.A.

May 30—Occidental vs. G.W.V.A.

June 3—Open.

June 6—Occidental vs. City.

June 13—G.W.V.A. vs. City.

June 20—G.W.V.A. vs. Occidental.

June 27—Test Match.

July 1—Vancouver vs. Kelowna.

July 4—Occidental vs. City.

July 11—Open.

July 18—City vs. G.W.V.A.

July 25—Open.

August 1—Occidental vs. G.W.V.A.

August 8—Open.

August 15—City vs. Occidental.

August 22—Open.

August 29—Final.

Word is awaited from Salmon Arm
regarding the formation of a league to
play for the Col. Victor Spencer Cup,
and if the main line players are agree-
able, the league will consist of Vernon,
Salmon Arm and Kelowna. Vernon
will be here on June 3 for an exhibition
match, which will be returned at a con-
venient date.

FOOTBALL

Game With Prince Rupert Eleven

Soccer enthusiasts are preparing for
their meeting on Monday with the
Prince Rupert eleven who will be in
town for the day, and there will be a
meeting of ticket sellers in Chester O-
wen's store tomorrow evening at 9
p.m., when all returns should be in.

Players are requested to bring all eq-
uipment with them, which they may
have in their possession.

LACROSSE

Kelowna At Vernon Today

Kelowna is playing in Vernon today
in a Rowcliffe Cup contest, and will be
at home on Monday to Armstrong in
another Okanagan League contest.

Armstrong and Vernon last Thursday
opened the schedule with a match in
Vernon, where the rejuvenated Ver-
nonites triumphed over their rivals
from Armstrong 2-1. This defeat will
certainly make Armstrong keen to take
Monday's game here and will put them
under a heavy handicap, should they
lose to the locals.

GOLF

Opening Of New Course This After-
noon

This afternoon, the President of the
local club, H. F. Rees, opens the new
18-hole course by driving off first.

The new course, which is a fine four-
some, was selected by the Presi-
dent and Vice-President. Forty-eight
players are engaged, and there are a
considerable number of outside repre-
sentatives of clubs to whom invitations
were issued. The team winning the
greatest number of matches will be de-
clared the winners, while there are
three prizes for each team.

Several competitions have been con-
cluded recently. In the finals for the
Barnes Cup, Todd and Trench defeat-
ed Butt and Chapin, while in the mixed
four some handicap, Claridge and Mrs.
Craig were defeated by Mr. and Mrs.
E. R. Rees. In the ladies' division,
Mrs. H. L. Bryce won the monthly me-
dal competition with a net score of 76
on Tuesday.

The "Tombstone" competition, a han-
dicap event, has been postponed to
Tuesday, June 1st, playing off the
first nine holes of the new course.

Mrs. H. F. Rees, with a score of 245,
narrowly won from Mrs. H. L. Bryce
in the Stirling Salver competition,
which covered three days' play, Monday
to Wednesday. The runner-up finished
with a net score of 247.

On Friday, one of the closest con-
tests of the season resulted in the Mc-
Tavish Cup going to Mrs. H. V. Craig
who won from Mrs. H. Broad on the
twentieth green. This was a long drawn
out struggle, in which the loser kept
pace all the way, and only lost when
Mrs. Craig sank her putt on the twen-
tieth.

TENNIS

Mixed Doubles Trials

For so early in the season the mixed
doubles trials staged last Thursday and
Saturday, on the Harvey Avenue courts,
of the Kelowna Tennis Club, proved
quite a success, some of the new mem-
bers making a very good showing for
the first play of the season.

Four teams called A, B, C and D,
were arranged to make the play as even
as possible. The outstanding pair on
Thursday were Miss Ruth Rowcliffe
and F. Laxon, while on Saturday pre-
mier honours went to C. R. McLeod
and Mrs. H. G. M. Gardner. This is
the first time that the club has attempt-
ed any trial tournament, and the re-
sults fully justified the experiment.

On May 29th three pairs of mixed
doubles will travel to Okanagan Mis-
sion to play a match with selected
teams from that club.

B team on Thursday defeated A
team, 6 matches to 3, while on Sat-
urday D team won from C team after a
very close fight, 5 to 4.

Teams were as follows:

B team: Mr. and Mrs. Mallam, Mrs.
Simon and A. E. Hill, Miss R. Row-
cliffe and F. Laxon.

A team: Miss J. Pease and D. Loane,
Miss G. Griffith and R. H. Stubbs,
Mrs. Tailyour and N. DeHart.

D team: Miss W. Jones and H. G.
M. Gardner, Miss U. DeHart and R.
H. Hill, Mrs. H. G. M. Gardner and
C. R. McLeod.

C team: Miss D. Coubrough and E.
Williams, Miss J. Hayman and W.
Metcalfe, Mrs. McLeod and J. Winter.

SCENES IN COLOUR
IN NEW MIX PICTURE

Technicolor Process Preserves Rare
Beauty Of Mexico In "The
Yankee Senor"

Tom Mix, favourite alike of young
and old, will be the chief attraction at
the Empress Theatre, on Wednesday
and Thursday next, May 26th and 27th,
in "The Yankee Senor." This is the
screen version of "Conquistador," the
famous novel by Katherine Fullerton
Gerrard.

The story is laid in Old Mexico, and
the Technicolor process is employed
with wonderful results in order to re-
produce with fidelity the rare and un-
ique charm of the Mexican landscapes
which appear as backgrounds to the
thrilling plot, and many of the patio
scenes are strikingly beautiful.

Tom's role is that of a civil engineer
who accepts an assignment to build a
railway spur from the Mazilla mines
to San Jose, a well-nigh impossible un-
dertaking, owing to the climate and
labour troubles. The task is further
complicated when Luke Martin, an A-
merican renegade, crosses the border
to create trouble in the camp and in-
cidentally steal the company's payroll.

However, even when deserted by his
workmen, the builder refuses to aban-
don the job.

Things begin to happen when the
bandits attack the camp, and there is
no lack of thrills. The young engineer
saves the payroll by stampeding a cor-
ral of horses and mules, which leads
the bandits to believe the drove of
stock is a troop of native cavalry.

The plot is rather a complex affair,
involving a mysterious stranger who
tries to keep the engineer out of his
heritage, a Spanish scoundrel who falls
in love with the hero, an American girl
who renounces his love, and some ex-
ceptionally exciting situations in which
Tony, the wonder horse, has an effective
part; and the whole forms one of
the most pretentious productions in
which Tom Mix has yet appeared.

The Winfield baseball team have reg-
istered two victories in their first two
games in the Central Okanagan Base-
ball League. On Wednesday they met
the Oyama team on the Oyama ground
and came out on the long end of a
10-6 score, and on the following even-
ing they met the Rutland team on the
home ground, the result being a win
for Winfield, 3-1.

However, even when deserted by his
workmen, the builder refuses to aban-
don the job.

Things begin to happen when the
bandits attack the camp, and there is
no lack of thrills. The young engineer
saves the payroll by stampeding a cor-
ral of horses and mules, which leads
the bandits to believe the drove of
stock is a troop of native cavalry.

The plot is rather a complex affair,
involving a mysterious stranger who
tries to keep the engineer out of his
heritage, a Spanish scoundrel who falls
in love with the hero, an American girl
who renounces his love, and some ex-
ceptionally exciting situations in which
Tony, the wonder horse, has an effective
part; and the whole forms one of
the most pretentious productions in
which Tom Mix has yet appeared.

The following are the names of
pupils of the P. Valley School, their
grades, and their average marks for
the month of April.

Grade 3—Blanche Clark, 62.5.

Grade 4—Thelma Clark, 72.8; John
Dick, 55.8.

Grade 5—Ashton Dick, 45.8.

Grade 6—Bella McMaster, 86.8;
Madge Somerville, 63.8; Lester Som-
erville, 63.8.

Grade 7—George McMaster, 64.2.

Grade 29—George McMaster, 64.2.

Grade 30—George McMaster, 64.2.

VICTORIA DAY

Holiday Programme Will Include
Football And Lacrosse Matches
And A Dance

Continuing the annual sports day,
there will be a programme for Monday
which, although small and not of any
championship extent, will provide attrac-
tions for those who will be in town for
the usual celebration.

Commencing at 2 p.m. sharp, the
footballers will take the field at Ath-
letic Park, where the Prince Rupert
soccer team, composed of men who are
engaged in the work of completing the
Canadian National boat, will meet the
local eleven. This will undoubtedly be
of considerable interest, as the North-
ern boys have held the championship
of their district against teams from
Ocean Falls and Anyox, who are en-
gaged in the work of completing the
British Columbia players. Kelowna has
entered for the Interior Cup competition
and the Robertson Cup competition
this season, and the game will be a test
of the strength which can be placed in
the field to meet Merritt, Kamloops and
Revelstoke.

At 3.30 p.m., Armstrong, Kelowna's
old time rivals, will be on hand in a
Rowcliffe cup lacrosse match, and fol-
lowing the defeat at the hands of Ver-
non last week Armstrong will be out
to repeat their victory of last year on
the same day, if it is at all possible.

A dance in the Morrison Hall in the
evening will conclude the programme,
where good music will give the patrons
a suitable wind-up for the day. It was
originally intended to obtain the A-
quatic, but owing to painting operations
it was found that this floor was not
available.

As the various athletic organizations
are on their own financially, following
the disbandment of the K.A.A.C., the
secretaries of the lacrosse and football
clubs, J. G. McKay and Chester Owen,
have got together and co-operated to
give Kelowna their usual sports day so
that the event should not be allowed to
drop. At the time of writing the Ok-
anagan Baseball League have not de-
cided when they will play their sched-
uled game with Oyama, but, if played,
it will either follow the lacrosse or be
at 6 p.m., for which advertising will be
issued.

Both the lacrosse and football clubs
are in need of public support if they
are to carry on, and the charges for ad-
mittance to the various items have been
placed very low, so it is hoped that the
public will attend and assist those who
are endeavouring to keep sport a live
factor in the district.

WINFIELD

On Saturday afternoon last, the ju-
nior children of the Winfield School held
a picnic at William's Bay. Quite a
number of children turned up, and a
jolly time was spent playing games and
running races.

A meeting of the Women's Institute
were visitors to the Oyama Institute on
Thursday of last week and spent a most
enjoyable time. A
